The Elements World Theatre presents

# THE OLD WOMAN WHO LIVED IN A...

by Lee Gershuny | Directed by Corinne Harris | Music Directed by Pete Baynes

Whatever happened to the children that 'The Old Woman Who Lived in a Shoe' beat black and blue? The new play by an award-winning playwright, picks up the action 20 years after the nursery rhyme ends with the now grown up children hungry for revenge. But before they can wreak havoc on the Old Woman, the mysterious Waiter in the timeless space of The Café of No Tomorrows turns the tables on them with music, thought-provoking tales and a cauldron of tricks. Set in a surreal world where the boundaries between reality and illusion are in flux, this uplifting, light-hearted new fable promises plenty of surprises!

*"Always engaging, profound yet often playful, even quasi-surreal... richly-layered, entertaining and spiritually-probing theatre."* The Baptist Times, 2011
